

FoxFarm Bush Doctor® KEEP THE TRIBE TOGETHER!®

Nobody likes blossom end rot or tip burn. That's why FoxFarm brings you BUSH DOCTOR® CAL-MAG. Calcium and magnesium help strengthen cell walls and aid in fruit development, helping you avoid the costly and frustrating deficiencies that cause these problems.

HOW TO USE:

Mix 1 tsp (5 mL) per gallon (4L) of water. Begin use just before bud development. Continue use as needed, not more than once per week. Maintain a pH range of 5.6 – 6.8. A pH outside this range can affect the availability of calcium and magnesium.

— SHAKE WELL BEFORE USE —
