**Contents: 2½ gallons**  
**Net Weight: 26.73 pounds**

**Organic Approach LC 5-0-3** is a soluble liquid fertilizer combined with soluble humic acids. **LC 5-0-3** is a valuable tool in a well-balanced nutrition program for crops. It is compatible with most other liquid materials. To be safe, an initial jar test is always recommended when mixing **LC 5-0-3** with companion materials for the first time. **LC 5-0-3** is 100% water-soluble and is suitable for conventional liquid foliar and irrigation-water applications.

## Description For Use:

**Organic Approach LC 5-0-3** may be applied by itself or as an additive with most companion materials. It should be used between 0.5 and 1.5 ounces per gallon of water for ornamentals and crops and up to 4 ounces per gallon of water for turf. For severely stressed plants or if the use of **LC 5-0-3** is not started until later in the season, initial applications may be made at higher concentrations as long as significant heat and drought stress are not present at the time. When applying **LC 5-0-3** on newly transplanted crops or plants of any kind (foliar, soil drenching, or any other application method) do not exceed a 0.75 liquid ounces of **LC 5-0-3** per gallon of water. For general maintenance applications use 1 ounce per gallon of water and spray until run-off. Applications may be made every 2 to 4 weeks. As a general guide we recommend the following:

### Spring:

**Ornamentals:** apply 1 oz per gallon of water once per month  
**Veggie Crops:** apply 1 oz per gallon of water twice per month  
**Turf and Fairways:** apply 0.5-1.5 gallons per acre twice per month  
**Greens and Tees:** apply 1.5-3 oz. per 1,000 square feet weekly

### Summer:

**Ornamentals:** apply 0.25 oz per gallon of water once per month  
**Veggie Crops:** apply 0.75 oz per gallon of water twice per month  
**Turf and Fairways:** apply 0.5-1 gallon per acre twice per month  
**Greens and Tees:** apply 1.5-3 oz. per 1,000 square feet weekly

### Fall:

**Ornamentals:** apply 1.5 oz per gallon of water once per month  
**Veggie Crops:** apply 1.5 oz per gallon of water once per month  
**Turf and Fairways:** apply 1-1.5 gallons per acre twice per month  
**Greens and Tees:** apply 2-4 oz. per 1,000 square feet weekly.

### Keep out of the reach of children

**Notice:** It is impossible to eliminate all risks associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result due to factors that are beyond the control of Organic Approach or the seller. The buyer or user shall assume all such risks.

**Warranty Disclaimer:** Organic Approach warrants this product conforms to the description on its label and is reasonably fit for the purposes described on its label. In no event shall Organic Approach or the seller be held liable for any incidental, consequential, or special damages resulting from the use or handling of this product. The exclusive remedy of the buyer or user for all claims shall be the return of the purchase price of the product.
