## Ant Control

*A safer alternative for ants*

### What it does:

Our all natural Ant Control kills and repels all types of ants, including Fire Ants.

### Where to use:

I Must Garden Ant Control can be used indoors as a spray to eliminate and repel. It can also be used outdoors along foundations to repel ants from coming inside and as a soil drench to eliminate ant nests.

### What it contains:

Our formula is tried and tested to work without synthetic pesticides or harmful chemicals. I Must Garden Ant Control is all natural, made from vegetable and essential oils. Contains: Soybean, Garlic, Mint, Vinegar, Molasses & more.

### How to use:

Simply spray areas you want to protect with I Must Garden Ant Control. Spray directly on ants to kill them, spray areas you want to repel them from indoors or out.

### How often to apply:

Kills on contact and repels for up to 3 weeks.
